Annual Production Sale

**Wednesday,
February 28, 2018**

12:00 Noon MST — Lemmon Livestock, Lemmon, SD
Auctioneer: Scott Weishaar

40 Angus Bulls — 27 Angus Heifers

Mark Sneed

Connealy Arsenal 2174

Welcome

Welcome to our annual production sale. It's officially our 70th year of raising registered angus. Great-grandpa Albert and Grandpa Norval bought their first couple registered cows in 1948, Bluecap Elite of Hillview and Belle of Hillview. The following spring they purchased the herd sire, Dakota Black Jess, from the Valley City Winter Show. In our barn are the original pens for two cows and one bull. Oh, if it were only that simple anymore. Change is constant and we all hope just to be moving in the right direction. In the coming pages, we are confident you will find the next pathway for your programs genetics.

All animals presented have been through a rigorous vaccination schedule and a regiment to promote structural soundness. Information that hasn't been presented in the catalog will be provided sale day and made available on our website, www.cedarfloangus.com. If you require further information please ask, we always like to hear from you.

After the sale, you as our customer, have two options: take the bull home sale day and deduct \$100 from the price or allow us to winter the bull. If you chose to have us take the animal home we will feed him, have him pass a breeding soundness exam in April and deliver him in April for free. Exams will be performed by West River Vet Clinic in Hettinger. As usual, these sires are covered by our trusted "Money Back Guarantee" that you will find detailed in this catalog. We look forward to working with you in 2018.

Animals can be viewed any time at the ranch until Monday Feb. 26 at which time they will be transferred to Lemmon Livestock. Visitors are always welcome. Let's pray for rain in March, after everyone has finished calving heifers, and keep our fingers crossed for color to return to our landscape. See you soon.

Jeremy, Jennifer, Olivia Fordahl

Carol Fordahl

Cedarflo Angus Ranch

Home: 701-567-6440 • Cell: 701-202-3134

Sale Information

Cedarflo Angus Ranch Annual Production Sale Wed., February 28, 2018

Registered Angus Since 1948 • Performance Tested Since 1968

We are not responsible for accidents or injury. All persons attending the sale do so at their own risk, legal or otherwise.

AUCTIONEER:

Scott Weishaar, Sentinel Butte, ND (701) 872-5299

LEMMON LIVESTOCK INC.:

Paul Huffman (605) 374-3877 • (800) 822-8853

RING SERVICE:

Dennis Ginkens, Tri-State Livestock News (406) 670-9839

Rowdy Benson, Special Assignment (605) 430-2942

SALE DAY PHONE:

Lemmon Livestock Inc. (605) 374-3877 • (800) 822-8853

PRE-SALE INSPECTION:

At ranch until Feb. 26. Directions: 13 miles north of Highway 8 and 12 Junction to 14th Ave. NE; or 13 miles south of Highway 8 and 21 Junction to 14th Ave. NE, then 3 miles west and 1/2 mile south. Bulls will be at Lemmon Livestock from Monday, Feb. 26 on.

HEALTH:

All animals have gone through a comprehensive health program. Health papers will be furnished for cattle as needed.

FEMALES:

All females sell as purebred, unregistered animals. Registration papers are available at an additional cost.

ULTRASOUND AND YEARLING DATA:

Available sale day or on our website as soon as the information is available.

DELIVERY:

Free delivery of bulls up to 300 miles or deduct \$100 if you take possession sale day. Free keep on bulls until April at which time we will start deliveries.

DEVELOPMENTAL DUPLICATION (DD):

Developmental Duplication is a genetic condition inherited as a simple recessive trait. Animals with the potential to carry this gene have been tested. Any carrier of the gene will be noted with DDC.

***Complimentary Lunch Before the Sale
Please bring this catalog with you sale day.***

Thank you and see you at the sale!

Sale Information

TERMS AND CONDITIONS:

Terms of the sale are cash. All animals sell under the terms and conditions as adopted by the American Angus Association. Statements made sale day take precedence over printed information.

CEDARFLO GUARANTEE:

Each bull sold is guaranteed to pass a breeding test administered by a licensed vet. We adhere to our vet's recommendation that if an animal should fail a breeding exam, we do ask that it be retested. The retest is done to prevent external factors, such as weather, from influencing the sample taken. If the animal fails the subsequent test, we offer you two options. Sell the animal under your name and we will provide you with another bull, if available. Or sell the animal under your name and we refund you the difference between pound price and sale price this year. We do not guarantee against injury. Unfortunately there are too many factors out of our control that may influence the health of an animal. If you have any questions regarding this policy, please don't hesitate to contact us. Thank you.

Set up an account

Setting up an account is a simple two-minute process.

1. Look for the log-in area on the upper left portion of the screen.
2. Find the blue button labeled "Register to View"
3. Fill in the form with your name, email, state, username and password.
4. Press the proceed button at the bottom of the page.

Any time you come back to CattleUSA just enter your username and password to log-in and watch auctions.

Get approved to buy

Each auction approves its own buyers, no buyers are approved by CattleUSA. This is done for your privacy and security. Your buyers information is kept private and is only released to the auctions you choose. In order to obtain approval to buy at an auction you will need to submit your contact information to each auction you wish to buy from.

1. Log in to CattleUSA.
2. Push the Submit button next the auction you wish to be approved at. The first time you do this, a form will pop-up for you to fill out your contact information. Fill out your information then push the button at the bottom of the form to continue.
3. You have now sent your information to that auction. The auction will now be able to find you in their data base and approve you to buy. If you would like to be approved at other auctions push the submit button next to each auction you wish to be approved at. Your information will be forwarded to those auctions only.

Auctions do not have access to your information until you send it to them.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 8-33 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation at www.angus.org.

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k or i50k by partner Zoetis.

A wide topped, clean fronted calving ease sire. His progeny has displayed exceptional growth with a top 3% WW EPD and 1% YW EPD nationally. A large scrotal and a high heifer pregnancy EPD prove he is a breeder and a keeper. Highly maternal genetics accentuate this bulls well rounded package. A truly exceptional animal, you should expect great things from his progeny, we do.

Comrade is the definition of calving ease. A Consensus 7229 son that improves upon his sire with a smoother shoulder and longer length. Couple those characteristics with a short gestation and a moderate frame and you get a heifer bull deluxe. Comrade has proven to be extremely feed efficient (+10.33 EN\$), while still producing excellent marbling. His docile progeny may be his finest trait.
